

# EnergyGauge USA Version 6.1.09

## RELEASE NOTES

### GENERAL NEW FEATURES:

- None

### GENERAL BUG FIXES:

- None

### FLORIDA ENERGY CODE FIXES

- None

### IECC

- None

### HERS RATERS CHANGES AND OTHER FEATURES

1. Addition of Tax Credit 001-16 for homes with permit dates on or before 12/31/20.
  - a. Note that Tax Credit 13-001 was extended for homes permitted until 8/31/20.
  - b. DOE and RESNET released 001-20 which will need to be used after 1/1/21. A future release will include 001-20.
2. Fixed a bug for homes with conditioned basements for Tax Credit 13-001. Bug fix may improve *envelope savings* calculation for homes with conditioned basements. We recommend rerunning houses with conditioned basements with 6.1.09.

### ENERGY STAR

1. None

### ANNUAL SIMULATION:
